SUMMARY

Full Stack Developer specializing in MERN stack with hands-on experience building scalable, role-based web applications. Developed systems like Blood Bank Management System and Vibe-Toast with real-world use cases, authentication, and optimized APIs. Strong focus on performance, clean UI, and practical problem-solving.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, SQL
- **Tools:** Git, GitHub, Postman, Figma, VS Code
- **Concepts:** REST APIs, Authentication, Responsive Design, SEO

PROJECTS

- | | |
|--|-----------------|
| Vibe-Toast – (Visit Website) | Mar 2026 |
| <ul style="list-style-type: none">• Built a modern toast notification system focused on clean UI and reusability• Designed customizable and responsive components for seamless integration• Achieved 10+ GitHub stars, indicating developer adoption and usability | |
| Blood Bank Management System – (Visit Repo) | Dec 2025 |
| <ul style="list-style-type: none">• Developed a role-based system managing donors, requests, and blood inventory• Implemented secure authentication and authorization for multiple user types• Designed REST APIs for real-time request tracking and updates• Structured MongoDB schema for efficient querying and scalability• Achieved 25+ GitHub stars, demonstrating project relevance and impact | |
| Placement & Management System – (Visit Repo) | Nov 2025 |
| <ul style="list-style-type: none">• Built a multi-user platform connecting students, mentors, recruiters, and admins.• Implemented workflow-based approval system for structured operations• Designed scalable backend APIs and database schema• Applied authentication and access control mechanisms. | |

EDUCATION

- | | |
|---|--------------------|
| Chhatrapati Shivaji Maharaj University (Panvel) | 2023 - 2026 |
| <i>Bachelor of Computer Applications (BCA)- CGPA: 8.91/10.0</i> | |

EXPERIENCE

- Smart India Hackathon (SIH)**
- Selected at university level for national-level hackathon screening
 - Worked on real-world problem statements under strict time constraints
 - Collaborated in a team to design and prototype scalable solutions
- Tech Astra Hackathon**
- Participated in competitive hackathon environment solving practical challenges
 - Contributed to rapid development and team-based problem-solving

CERTIFICATIONS

- Responsive Web Design – [\(Show Credential\)](#)
- JavaScript Algorithms and Data Structures – [\(Show Credential\)](#)
